The screenshot shows an eBook reader interface. On the left is a sidebar with a menu containing 'Info', 'TOC', 'Search', and 'Translation'. The 'Info' section is active, displaying the book title 'The power of strategic listening', author 'Book by Lewis, Laurie', and year 'null, 2019'. It also shows the length '183 pages' and a detailed description of the book's content. Below the description are 'Subjects' and 'Classification (DDC)' sections. The main area displays the book cover for 'THE POWER OF STRATEGIC LISTENING IN CONTEMPORARY ORGANIZATIONS' by LAURIE LEWIS. The cover features a dark background with a blue and orange audio waveform graphic. At the top right of the main area, there are buttons for 'Read in Viewer' and 'PDF download'. A blue callout box is overlaid on the bottom right of the screenshot, listing features: '解析度提升 UP!', '書內關鍵字搜尋', '內文翻譯', '章節下載', and '放大縮小版面'.

The power of strategic listening
Book by *Lewis, Laurie*
null, 2019

Length 183 pages

Listening is critical in today's organizations. As recent examples in the #MeToo era and numerous organizational failures and scandals illustrate, the consequences of poor listening in organizations can be significant, and in some cases, catastrophic. Listening is commonly described in terms of ethics, overlooking its strategic value. The book guides leaders and decision-makers to question the listening habits, practices, and infrastructure within their organizations. The author lays out an argument for the benefits and challenges of strategic listening. She also develops a method for internal analysis of listening capabilities and practices, and provides a framework for building and maintaining a more robust listening culture, infrastructure, and set of practices. In order to improve organizational listening, the author argues that we need to do more than improve personal listening skills, we need to design organizations to listen.
